## Brief Instructions for Authors

- Follow the deadlines for registration and fee payment, as well as for the final paper submission, given on the conference web-site [http://mechatronika2014.cedupoint.cz/?page\\_id=27](http://mechatronika2014.cedupoint.cz/?page_id=27)
- Download the MS Word full paper template
- The recommended number of pages is 6, maximum number of pages is 8. Leave the header and the footer empty. Do not number the pages.
- Fill in the copyright form (received by e-mail), print it and sign the form. Scan the form. Copyright form must be submitted together and at the same time with the full paper, in either JPG or PDF format.
- Only PDF is accepted for final paper submission. The PDF of the paper HAS TO BE created using **IEEE's service PDF eXpress**, to ensure its compliance with IEEE requirements for PDF files. To convert the source file into PDF using IEEE PDF eXpress, do the following:
  - Access IEEE PDF eXpress at the following link: <http://www.pdf-express.org>
  - Register as a user for this free service using the link 'New Users – Click Here'. 'Conference ID' is **33268X**.
  - Use your e-mail address at which you want the PDF delivered (the IEEE PDF eXpress is not a file-collection system!).
  - Follow the instructions on the web-page and submit source file for conversion into PDF. You will receive the PDF by e-mail and you can also download it directly from the web-site upon conversion.
  - Check the PDF and ensure that there are no runaway figures, equations, and similar.
- You have now your paper and the copyright form ready for submission to the conference registration system.
- If your final paper is accepted, you (or co-author) are under obligation to present it at the conference.
- Authors might be asked to complete their papers (based on the results of review process).
